South India Tiles symbolizes the evolution of porcelain and ceramic tiles, focusing on the luxury segment in their collections. We pride ourselves on having extensive working knowledge of both industry standards and design trends. Our showroom features a curated selection of the highest quality products from around the nation, which we pair with complimentary design services by highly trained and professional interior designers. Our goal is to elevate your space and provide a thoughtful, personalized experience

Under one dach, we offer a wide range of brands. In our carefully designed shop atmosphere, we promise to offer you the newest designs and fits for tiles. The product range available at our studios involves all of the senses thereby allowing the user to enjoy personal spaces that offer a new sense of well-being. Our inspiration abounds. Choose among thousands of patterns inspired by nature. Choose the wood, marble, antique, textured, natural, modern, and more from numerous looks. Choose from glazed to glossed, matte to rustic, and many more tile finishes. Welcome again, to the world of innovation!

Note: Color shown are as accurate as the limitations of the printing process allows. Prospective customers are advised to inspect a sample of the tile before ordering. Every effort has been made to ensure the accuracy of the information given. However, the company reserve the right to change the specifications without prior notice. Sometime variations in shade or size being inherent to ceramic industry may occur. Before fixing, we advise you to follow the fixing instructions on the cartons of the tiles as no responsibility can be accepted by the company once the tiles have been fixed.

## DESIGN, PATTERN & SHADE VARIATION GUIDE

Current development efforts have made ceramic tiles to resemble and look authentically identical to natural materials (stone, wood, fabric), and it has become increasingly difficult in many cases, to distinguish between the two.

Recognising this situation, it is necessary to be informed on the grade of Design & Pattern variation that is expected form these products. As a general reference the Design & Pattern guide below classifies a scale of ranges according to the degree of the variation.

V1 Uniform Appearance

V2 Slight Variation

V3 Moderate Variation

V4 Substantial Variation

### High Definition Image

While laying the tiles please follow the arrow mark on the back of the tiles. For removing the wax from the surface of the tiles please use a soft cotton cloth for rubbing white boric/talc powder.
